

Submitter: Cheryl Conway
On Behalf Of:
Committee: House Committee On Rules
Measure: HB3625

Thank you, Chair Fahey, Vice-Chair Breese-Iverson, Vice-Chair Kropf, and representatives for allowing me to submit testify today.

I find it frightening that under the current political turmoil our US Constitution could be modified to reflect extreme positions on voting and civil rights. Please support the rescinding of Oregon's pending Article V petitions. They are no longer applicable but may be used to promote a Constitutional Convention that is unnecessary.

Sincerely,
Cheryl Conway
