Measure: SB774

I strongly oppose SB 774, and I am frankly incensed that this would even be on the table. With HR 3468, there was at least an attempt to do something productive with taxpayers' money, this bill proposes no such alternative and instead wants to take taxpayer money indefinitely - full stop. This is another money grab from the government to steal the kicker from hard working taxpayers. After Oregonians have worked hard and endured the ridiculousness of the last three years with increasing regulations, inflation, and more taxes, this bill proposes to keep surplus tax dollars. Wow. I would have thought you would have more respect for the people who put you in office.
