Measure: SJR26

Oppose.

Similar to SB 774, this bill SJR26 is a bill demonstrating the greedy nature of Oregon Legislatures. So quickly Oregon leaders are willing to propose keeping tax payers surplus tax instead of refunding excess to the tax payer. No integrity whatsoever is demonstrated in an attempt to make legal the keeping of excess tax payment. Why would Oregon legislatures be so quick to keep surplus tax revenue? Isn't it stealing to keep what isn't rightfully theirs? I am shocked and appalled this would even have been drafted as a bill, introduced and clearly with hope and intent Oregon tax payers wouldn't even see this "snuck" onto a ballot. What is the heart intent of legislatures seeking to keep tax payer surplus revenue? This demonstrates the good and prosperity of Oregon taxpayers are NOT the priority for Oregon leaders and law makers. They are quick to take from the very people they serve.

Oppose and stop this bill. It does not promote good or wellbeing for the people.
