

Submitter: Claudia Bray

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

The citizens of Oregon are already overtaxed. The state is losing residents and will continue to do so, since while our government is awash in funds it is failing to effectively deploy, our standard of living continues to decline. I strongly oppose this bill as do all the Oregonians to whom I have spoken. My family has resided in this state for over two decades but for the first time we are considering leaving our beloved state. I urge you not to do this.
