Committee: Senate Committee On Finance and Revenue

Measure: SB774

Simply put. This is not your money to keep. Return it to the Oregon people each one of us tax paying citizens.

We see very little return for our taxes as it is. Look at our communities riddled with drug addiction, homelessness, trash etc.

Its time to give us a break instead of the continual take from our representatives who clearly do nothing to improve Oregon with the money they have.

Stop thieving from the people of Oregon. Return the kicker to us, the people you pretend to represent.

Signed an Oregon citizen who no longer has an ounce of trust in its representatives.
