

Submitter: Thomas Ashton

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

Oregonians are upset at the increasing tax burden placed upon residents and the unchecked spending by our government with little data to demonstrate results. The idea of excess money being collected in taxes only to stuff the state governments pockets is a betrayal of public trust. Surplus revenue should be distributed back to taxpayers, as had been previously decided by the residents of this state.
