On Behalf Of: Taxpayers
Committee: Senate Committee On Finance and Revenue
Measure: SJR26

The surplus taxes you want to keep belong to the hard working people of Oregon and isn't play dough for for your pet projects. You already flush enough tax money down the toilet on frivolous expenditures. Maybe if you actually had to work for a living like most people you'd have a different perspective as to the blood, sweat and tears that tax money represents. GIVE IT BACK!
