SIDES & Exchange Overview

Breakout Session

SIDES & Exchange Overview

 The State Information Data Exchange System (SIDES) facilitates the electronic exchange of information between employers, TPAs/PEOs, and State Workforce Agencies for accurate awarding of Unemployment Insurance benefits.

 The program is funded by USDOL and was started through partnership between USDOL, NASWA, and the State Workforce Agencies

Separation Information

Wisconsin

Live
in 10
states

- 2nd step in the UI Life Cycle
- Can provide employers a “sneak peak” at the expected charges resulting from the claim
- Used when no need of additional information is expected after a response to the Separation Information request
- Notifies employer/TPA/PEO of the wages used to make a UI claim
- Allows verification of correct wages for a given claim
- The standard format allows for quick & simple responses, increasing the response rate of employers & increasing integrity

Additional Fact-Finding

INTEGRITY23

Alabama
Montana
New Mexico

Live in 3
states

- 3rd step in the UI Life Cycle
- Used to gather information that may lay outside of the usual standard format
- Used to ask unique questions that can vary from state to state
- Minimizes
- The standard format minimizes delay in responses to unique questions

- **5th step in the UI Life Cycle**
- Crossmatch
- New Hire Registry
- Employer Wage Reports
- Benefit Payment Control/Benefit Accuracy
Measurement Audits
- Claimant Education
- Tips and Leads

Benefit Charges

Planning
in 14
states

- **6th step in the UI Life Cycle**
- Send monthly, quarterly or annual charging notices
- Send information securely
- Protest/Appeal the charges depending on the state law
- For Reimbursing employers, it provides the amount due to cover UI benefits.
- Postage savings

SIDES E - Response

INTEGRITY23

How E-Response Works
<ul style="list-style-type: none">• For relatively small businesses• Free, easy, electronic• SIDES can grow with small businesses as they develop

Why you may prefer System Integration
<ul style="list-style-type: none">• Customization options are slim• Must maintain separate login credentials for each state

 <p>SIDES NASWA State Information Data Exchange System In Partnership with USDOOL</p>	<p>One great solution to respond to unemployment insurance claims. Two ways to connect</p>
---	--

Online E-Response	System Integration UI SIDES
<p>For employers with a limited number of UI claims, connection is easy through the SIDES E-Response website that can be used to enter the requested UI information.</p> <ul style="list-style-type: none">• Easy to access website	<p>For large and/or multi-state employers, connection through a computer-to-computer interface may be more appropriate as it allows employers to customize their system to interface with SIDES. This option requires the employers to do programming.</p>

Opening Warm-Up Discussion

Who do you work for?

Who has heard of PEOs or knows any PEOs?

Do you have any direct experience interacting with a PEO or Clients of a PEO?

Can anyone define Co-Employment?

Does anyone have questions they would like to ask a PEO?

Agenda

Defining a PEO/ ASO

Explaining the basics of PEO / ASO

Explaining the Client PEO / ASO relationship

Deep Dive Into PEO

PEO Statistics

Co-Employment Relationship Explained

Understanding state reporting

Unemployment Process as a PEO

Challenges Faced in the UI process

Defining PEO / CPEO

Any Questions?

Next Stop: Deep Dive Into PEO

PEO Industry Statistics

There are 487 PEOs in the United States.

PEOs provide services to 173,000 small and mid-sized businesses, employing over 4 million people.

Those 173,000 clients represent 15 percent of all employers with 10 to 99 employees.

The total employment represented by the PEO industry is roughly the same as the combined number of employees for Walmart (US), Amazon, Kroger AND Home Depot combined.

From 2008 to 2020, the number of WSEs employed by PEOs has consistently outpaced the compounded annual growth rate of employment by 7%.

Common Misconceptions about PEO

PEO's do not lease employees

Should not be compared to staffing agencies

PEO's don't administer day-to-day operations of the client and their employees

PEO's do not make hiring or firing decisions unilaterally

INTEGRITY23

State Reporting Overview

PEO Reporting States

- The PEO is the employer of record for state unemployment insurance tax and manages the filing for clients.
- Filed as an aggregate under the PEO's EIN and SUI account number, client accounts are protected.
- PEO handles all aspects of UI and tax.

Client Reporting States

- Requires clients to file using an unemployment account that is directly tied to their EIN.
- PEO can only act as TPA or representative on UI claims.
- PEO handles tax account on behalf of client.

Hybrid Reporting States

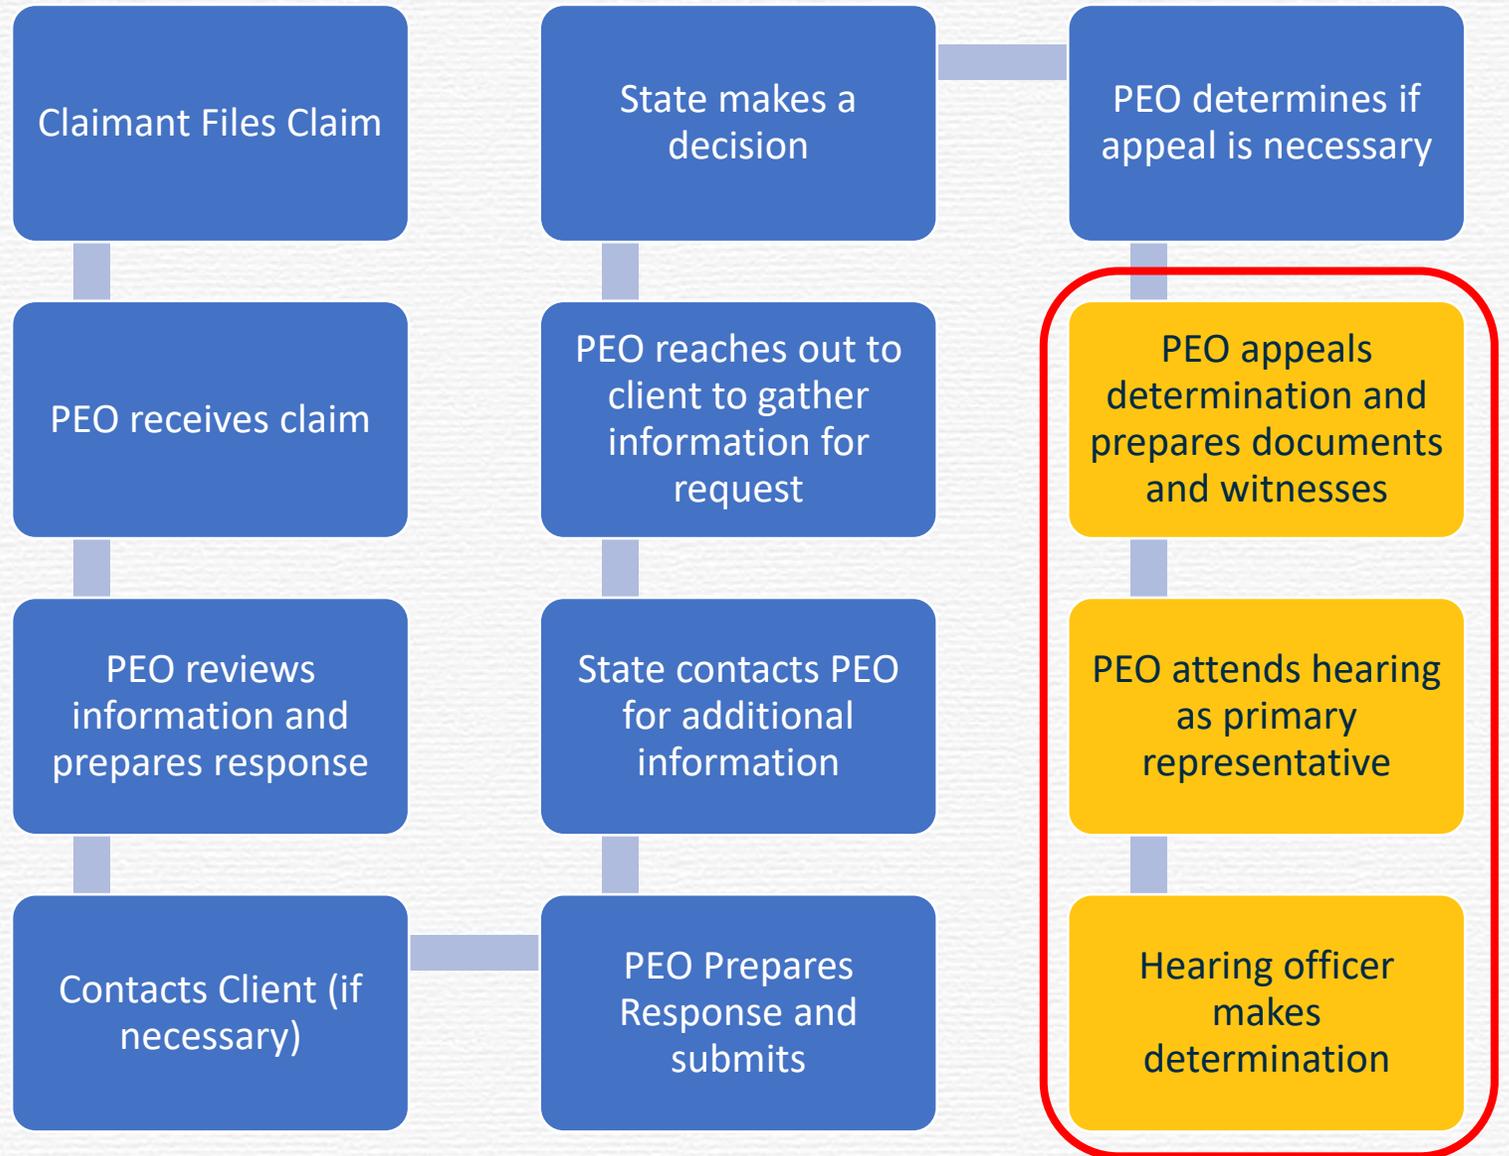

- Requires the client to have an individual unemployment account that is associated with the PEO master account in the state.

INTEGRITY23

Unemployment Process

**Subject to individual state requirements*
