

Open Government Impact Statement

82nd Oregon Legislative Assembly
2024 Regular Session

Measure: SB 1508 - A

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Dexter A. Johnson
Date: 2/12/2024

SUMMARY

Digest: The Act forbids the HERC from using quality of life to measure the weight to give to a service that may be covered by the state Medicaid program.

The Act caps the amount a person must pay for insulin under a health benefit plan to \$35. (Flesch Readability Score: 63.9).

Digest: The Act forbids the HERC from using quality of life to measure the weight to give to a service that may be covered by the state Medicaid program. (Flesch Readability Score: 63.6).

In determining the ranking of a condition-treatment pair on the prioritized list of health services covered by the medical assistance program, prohibits the Health Evidence Review Commission from relying upon a quality of life in general measure or from relying on any research or analyses that rely upon or refer to a quality of life measure, unless specified conditions are met.

Caps cost-sharing required by health benefit plans at \$35 for coverage of insulin.
