

Open Government Impact Statement

82nd Oregon Legislative Assembly
2024 Regular Session

Measure: HB 4080 - A

Only impacts on Original or Engrossed
Versions are Considered Official

Prepared by: Dexter A. Johnson
Date: 2/16/2024

SUMMARY

Digest: States a state policy on offshore wind energy. Tells the state agency on energy to make a road map on standards for offshore wind energy. Makes a person involved in an offshore wind energy or port project meet certain labor and supply chain standards. Tells the state agency on land use to assess state policies that may be used in federal reviews of offshore wind leasing decisions. (Flesch Readability Score: 61.0).

Digest: States a state policy on offshore wind energy. Tells the state agency on energy to make a road map on standards for offshore wind energy. Makes a person involved in an offshore wind energy or port project to meet certain labor and supply chain standards. Tells the state agency on land use to conduct, or support, federal reviews of offshore wind leasing decisions. (Flesch Readability Score: 60.5).

Declares a state policy to support engagement between offshore wind developers and impacted organizations, communities and tribes. Declares a state policy regarding offshore wind energy development and labor and supply chain standards. Declares a state policy that the interconnection of offshore energy projects be carried out in a manner that promotes electric grid reliability and resilience. Directs the Land Conservation and Development Commission to exercise its rulemaking authority to support these state policies.

Directs the State Department of Energy to develop an Offshore Wind Roadmap that defines standards *regarding the development of offshore wind energy* to be considered in the processes related to offshore wind energy development and approval.

Requires a developer or contractor involved in an offshore wind energy project, *or* port development project that is necessary for the development of an offshore wind energy project or project related to manufacturing or supply chain that is located on port property and that facilitates the construction, operation or maintenance of an offshore wind energy project to meet certain labor and supply chain standards. Allows a developer or contractor to use a workforce development agreement to comply with the requirements.

Directs the Department of Land Conservation and Development to conduct *,* or support, consistency reviews *an* assessment of the state enforceable policies that may be used in the federal consistency review of offshore wind leasing decisions and related actions. Directs the department to submit a report on the department's activities to the interim committees of the Legislative Assembly related to marine renewable energy and *development* coastal resources not later than September 1, 2025.

Declares an emergency, effective on passage.
