

**A-Engrossed**  
**House Bill 4014**

Ordered by the House February 21  
Including House Amendments dated February 21

Introduced and printed pursuant to House Rule 12.00. Pre-session filed (at the request of House Interim Committee on Climate, Energy, and Environment for Representative Pam Marsh)

**SUMMARY**

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure. The statement includes a measure digest written in compliance with applicable readability standards.

Digest: The Act allows agencies to award moneys under a grant program related to living with beavers on private land. The Act directs an agency and a committee to report on the grant program. The Act gives moneys to the agency for the grant program. The Act goes into effect on the 91st day after the 2024 session ends. (Flesch Readability Score: 62.3).

Authorizes the State Department of Fish and Wildlife and the State Fish and Wildlife Commission to award moneys from the Oregon Conservation and Recreation Fund under a Landowners Living with Beavers Grant Program, on recommendations from the Oregon Conservation and Recreation Advisory Committee. **Sunsets the grant program on June 30, 2029.**

Directs the department and the committee to jointly report on the grant program to committees or interim committees of the Legislative Assembly related to the environment on or before September 15, 2026.

Appropriates moneys from the General Fund to the department for deposit in the Oregon Conservation and Recreation Fund for purposes related to the grant program.

Takes effect on the 91st day following adjournment sine die.

**A BILL FOR AN ACT**

1  
2 Relating to fostering coexistence with beavers; creating new provisions; amending ORS 496.252 and  
3 496.254; and prescribing an effective date.

4 Whereas a warming climate is increasing the frequency of droughts and wildfires; and

5 Whereas beavers have a significant role in increasing the quantity and quality of water on a  
6 landscape and decreasing the risks of wildfire, and therefore act as a buffer against climate ex-  
7 tremes; and

8 Whereas the beaver is a keystone species that serves as nature's engineer and the beavers'  
9 habitat has the ability to provide refugia, stimulate the recovery of other species and foster  
10 resilience on landscapes impacted by climate change; and

11 Whereas private landowners can have substantive positive impacts on beaver populations and  
12 the condition of beaver habitat in Oregon; now, therefore,
