(b) Identify the reasons that the amount appropriated for the state's system of kindergarten through grade 12 public education is not sufficient, the extent of the insufficiency and the impact of the insufficiency on the ability of the state's system of kindergarten through grade 12 public education to meet the quality goals. In identifying the impact of the insufficiency, the Legislative Assembly shall include in the report how the amount appropriated in the budget may affect both the current practices and student performance identified by the commission under ORS 327.506 (4)(a) and the best practices and student performance identified by the commission under ORS 327.506 (4)(b).

[(6)(a)] **(5)(a)** Notwithstanding subsection [(5)] (4) of this section, the [*Legislative Assembly*] **committee** may make a determination that the report of the Quality Education Commission should not be used as the basis for carrying out the reporting requirements of section 8, Article VIII of the Oregon Constitution, and subsection [(5)] (4) of this section. If the report is not used, the [*Legislative Assembly*] **committee** shall identify the reasons for not using the report to meet the reporting requirements and shall outline an alternative methodology for making the findings required by section 8, Article VIII of the Oregon Constitution.

(3) The [*Director of the Office of Student Access and Completion*] **commission** shall determine the cost of education of a qualified student based on the type of eligible post-secondary institution the student is attending. The cost of education equals:

(a) For a student attending a community college, the average cost of education of attending a community college in this state;

(b) For a student attending a public university listed in ORS 352.002, the average cost of education of attending a public university;

(d) For a student attending the Oregon Health and Science University or a four-year Oregon-based, generally accredited, not-for-profit institution of higher education, the average cost of education of attending a public university listed in ORS 352.002.

(4)(a) The [*director*] **commission** shall determine the amount of the student share. The student share shall be based on:

(A) The type of eligible post-secondary institution the student is attending;

(B) The number of hours of work that the [*director*] **commission** determines may be reasonably expected from the student; and

(C) The amount of loans that the [*director*] **commission** determines would constitute a manageable debt burden for the student.

(b) The student shall determine how to cover the student share through income from work, loans, savings and scholarships.

(c) The student share for a student who attends a community college may not exceed the amount that the [*director*] **commission** determines a student may earn based on the number of hours of work reasonably expected from the student under paragraph (a) of this subsection.

(d) The student share for a student who attends an eligible post-secondary institution that is not a community college may not exceed the sum of the amount that the [*director*] **commission** determines a student may receive as loans plus the amount a student may earn based on the number of hours of work reasonably expected from the student under paragraph (a) of this subsection.

(5) The [*director*] **commission** shall determine the amount of the family share. The family share shall be based on the resources of the family.

(6) The [*director*] **commission** shall determine the amount of the federal share based on how much the student or the student's family is expected to receive from the federal government.

(7)(a) The [*director*] **commission** shall determine the amount of the state share **by rule**. The state share shall be equal to the cost of education reduced by the student share, family share and amount received by the student from the federal government.

(b) The [*director*] **commission** shall establish a minimum amount that a student may receive as a state share. If the [*director*] **commission** determines that the amount of the state share of a student is below the minimum amount, the student may not receive the state share.

(c) The [*director*] **commission** may not reduce the amount of the state share of a student based on amounts available to the student by virtue of being the designated beneficiary of a college savings network account established under ORS 178.300 to 178.360.

(8) Subject to subsection (9) of this section, if the [*director*] **commission** determines that there are insufficient moneys to award the state share to all qualified students, the [*director*] **commission**:

(a) May establish the maximum amount that a student may receive as a state share. This amount may vary based on whether the student is attending an eligible post-secondary institution on a half-time or full-time basis.

(b) May establish procedures that prioritize awarding Oregon Opportunity Grants to qualified students with the greatest financial need or whose circumstances would enhance the promotion of equity guidelines published by the [*Higher Education Coordinating*] commission.

(c) May not reduce the amount of the state share awarded to students in the low income range in a greater proportion than the amount that the state share for students in other income ranges is reduced.

[(9)(a) The Higher Education Coordinating commission shall adopt rules that prioritize current foster children and former foster children for receiving Oregon Opportunity Grants when the Oregon Opportunity Grant program does not have sufficient funding to serve all eligible Oregon students.]

[(b) For the purposes of this subsection, "former foster child" has the meaning given that term in ORS 350.300.]

(9) The commission shall adopt rules that implement the Oregon Opportunity Grant program. The rules adopted by the commission shall:

(a) Specify the manner by which the commission determines the state share.

(3) The [*director*] **commission** shall screen or cause to be screened the applications and shall determine for each available grant the person best qualified to receive that grant. A qualified applicant is eligible to receive a grant established under ORS 348.260 if:

(a) The applicant's financial need is such that in the opinion of the [*director*] **commission** financial aid is warranted; and

(b) The applicant plans to be a student at the eligible post-secondary institution where the grant is to be used.

(4) The [*director*] **commission** shall not discriminate for or against any applicant for a grant.

(5) Nothing in this section or ORS 348.260, 348.505 to 348.615, 348.696 or 348.992 shall be construed to require any institution to admit a grant recipient or to attempt to control or influence the policies of the institution.

(6) Whenever funds are not available to award grants to all qualified students, the [*director*] **commission** may give priority to applicants who are or plan to be full-time students at the eligible post-secondary institution where the grant is to be used. A student shall be considered to be a full-time student if the combination of credit hours at more than one eligible post-secondary institution equals full-time attendance, according to the institution disbursing the grant funds.

(b) The commission shall by rule establish academic standards and benchmarks that a qualified student must meet to have the student's grant renewed.

(c) If a qualified student who receives a grant under this section makes a timely application for renewal of the grant, meets the academic standards and benchmarks established by the commission under this subsection and continues to meet all other grant eligibility criteria, the grant shall be renewed for a second year of attendance at an eligible post-secondary institution.

(d) Upon timely application by a qualified student who meets the academic standards and benchmarks established by the commission under this subsection and who continues to meet all other grant eligibility criteria, the commission may continue to renew the grant until the qualified student has received the equivalent of four full-time undergraduate years of grant funding for an eligible program as defined by the commission.

(6)(a) The [Director of the Office of Student Access and Completion] **commission** shall inform eligible post-secondary institutions of the identity of qualified students who attend the institution and who receive a grant under this section for more than one academic year.

(b) To the extent possible, eligible post-secondary institutions shall ensure that qualified students identified under this subsection are made aware of the academic guidance and counseling services available at the institution.

(7) A qualified student who receives a grant under this section must attend the eligible post-secondary institution upon which the grant application is based unless the [Director of the Office of Student Access and Completion] **commission** authorizes the grant to be used at a different eligible post-secondary institution. A qualified student who receives a grant under this section may attend more than one eligible post-secondary institution if the grant application was based on the qualified student attending more than one eligible post-secondary institution.

(8) The commission may not make a grant award to any qualified student enrolled in a course of study required for and leading to a degree in theology, divinity or religious education.

(9)(a) The commission shall report annually on or before February 1 to committees of the Legislative Assembly related to higher education regarding the academic success and performance of qualified students who receive grants under this section.

SECTION 18. ORS 348.263 is amended to read:

348.263. (1) In addition to any other form of student financial aid authorized by law, the Higher Education Coordinating Commission may award moneys from the Oregon Opportunity Grant program to qualified students to reward student persistence and encourage completion of degree programs at eligible post-secondary institutions.

(2) Awards made under this section are not subject to the maximum Oregon Opportunity Grant amount established under ORS 348.205.

(3) The commission shall establish by rule eligibility criteria for awards made under this section. These criteria shall include, but not be limited to, whether the qualified student is attending an eligible post-secondary institution on a full-time or half-time basis.

(4)(a) The [*Director of the Office of Student Access and Completion*] **commission** shall administer, and determine the size of, awards made under this section.

(3) The department shall estimate the expected difference between the target funding level calculated under subsection (2) of this section and the amount anticipated to be made available to the Juvenile Justice Education Fund under section 22 (3)(a) and (d) of this 2024 Act. If, after all funding available under section 22 (3)(a), (c) and (d) of this 2024 Act has been accounted for, the department determines that the amount required for the target funding level for the fund has not been met, the department may transfer from the Statewide Education Initiatives Account to the fund any needed amounts.

In determining whether the conduct is substantially related to the fitness and ability of the applicant or licensee to engage in the activity for which the license is required, the licensing board, commission or agency shall consider the relationship of the facts with respect to the conduct and all intervening circumstances to the specific occupational or professional standards. There is a rebuttable presumption as to each individual applicant or licensee that an existing or prior conviction for conduct that has been classified or reclassified as a Class E violation is not related to the fitness and ability of the applicant or licensee to engage in the activity for which the license is required.

(4)(a) Prior to beginning an education, a training or an apprenticeship program for an occupational or professional license, a person who was convicted of a crime may petition a licensing board, commission or agency for a determination as to whether a criminal conviction will prevent the person from receiving an occupational or professional license. The licensing board, commission or agency may charge a reasonable fee to pay the costs of making the determination.

(b) A determination from a licensing board, commission or agency that a criminal conviction will not prevent the person from obtaining an occupational or professional license may be rescinded if, at the time the person submits a complete application, the person:

(A) Has allegations or charges pending in criminal court;

(B) Has failed to disclose a previous criminal conviction;

(C) Has been convicted of another crime during the period between the determination and the person's submission of a completed application for an occupational or professional license; or

(D) Has been convicted of a crime that, during the period between the determination and the person's submission of a completed application for an occupational or professional license, became subject to a change in state or federal law that prohibits licensure for an occupational or professional license because of a conviction of that crime.

(c) A licensing board, commission or agency shall reconsider a determination that a criminal conviction will prevent the person from obtaining an occupational or professional license if the person submits a completed application for an occupational or professional license.

(d) A determination made under this subsection:

(A) Shall be made by the same entity that reviews completed applications for an occupational or professional license for the licensing board, commission or agency;

(B) Shall be subject to the same confidentiality requirements that are applicable to completed applications for an occupational or professional license for the licensing board, commission or agency; and

(C) Is not considered a final determination of the licensing board, commission or agency.

(e) Nothing in this subsection prohibits a licensing board, commission or agency from denying licensure for a reason other than conviction of a crime.

(f) A licensing board, commission or agency may adopt rules necessary to implement the provisions of this subsection.

(g) This subsection does not apply to the Department of Public Safety Standards and Training or to any regulation of psilocybin services.

SECTION 44a. (1) The amendments to ORS 670.280 by section 44 of this 2024 Act become operative on July 1, 2025.

(2) Notwithstanding the operative date set forth in subsection (1) of this section, a licensing board, commission or agency may choose to make determinations as described in ORS 670.280 (4) before the operative date set forth in subsection (1) of this section.

RECOVERY SCHOOLS

SECTION 45. ORS 336.680 is amended to read:

336.680. (1) As used in this section, "approved recovery school" means a school that is under an agreement with the Department of Education to provide students enrolled in the school with a holistic approach to:

(a) Educational services for grades 9 through 12; and

(b) Health care services related to recovery from substance use disorders.

(2) The department shall provide or cause to be provided appropriate education for students enrolled in an approved recovery school. For the purpose of paying the costs of providing education to students enrolled in an approved recovery school, the Superintendent of Public Instruction shall make the following:

(a) Payments from amounts available from the State School Fund under ORS 327.029.

(b) Payments from the Statewide Education Initiatives Account, as provided by rule adopted by the State Board of Education in collaboration with the advisory committee convened under ORS 336.685. The rules adopted as provided by this paragraph may include a minimum amount, a maximum amount or both for approved recovery schools.

(3) The Superintendent of Public Instruction may contract with a school district, an education service district or a public charter school to provide or cause to be provided appropriate education to students enrolled in an approved recovery school. Unless otherwise specified, any educational services provided under a contract entered into under this subsection shall be paid as described in this section and not by any other state moneys distributed based on average daily membership that are available to the school district, education service district or public charter school for the purpose of providing educational services.

(4) The State Board of Education shall adopt by rule the standards for a recovery school to become and operate as an approved recovery school. The standards must provide that:

(a) The recovery school must align, to the extent identified by the board, with standards for accreditation established by a nonprofit accrediting organization composed of representatives of recovery schools and individuals who support the growth of recovery schools. The standards must include requirements that:

(A) The recovery school, in compliance with timelines established by the department, be accredited by a nonprofit accrediting organization that establishes standards for recovery schools. Nothing in this subparagraph requires the recovery school to be accredited at the time the superintendent first enters into a contract with the recovery school.

(B) Student enrollment in the recovery school is voluntary. No school district or state or local agency may compel or otherwise require a student to enroll in a recovery school. Students enrolled in an approved recovery school may not be counted in determining the number of pupils in average daily membership for purposes of ORS 334.175 (5).

(C) All students who reside in this state and who meet the eligibility criteria established under subsection (8) of this section may enroll in an approved recovery school if space is available. If space is not available, the approved recovery school may prioritize for enrollment student groups identified in ORS 327.180 (2)(b).

(D) The school district, education service district or public charter school with which the department has entered into a contract for a recovery school must agree to award high school diplomas, modified diplomas, extended diplomas and alternative certificates as provided by ORS 329.451 and 339.877. An entity that awards high school diplomas as provided by this subparagraph:

(i) May not impose requirements for a high school diploma that are in addition to the requirements prescribed by ORS 329.451 (2)(a) or by rule of the State Board of Education; and

(ii) Must accept any credits previously earned by students in another school or educational program in this state and apply those credits toward the requirements prescribed by ORS 329.451 (2)(a) or by rule of the State Board of Education.

(E) Except as provided by [subparagraph (F)] **subparagraphs (F) and (G)** of this paragraph, the recovery school must satisfy the same laws that apply to public charter schools under ORS 338.115.

(F) All administrators and teachers at the recovery school must be licensed by the Teacher Standards and Practices Commission.

(G) An approved recovery school is not required to comply with the enrollment requirements prescribed by ORS 338.115 (1)(bb) or (5).

(H) An approved recovery school must comply with the requirements of the uniform budget and accounting system adopted by rule of the State Board of Education under ORS 327.511.

(b) Recovery schools will be approved, to the greatest extent practicable, in a manner that:

(A) Represents a geographic distribution across this state; and

(B) Takes into consideration the needs for services by the community in which the recovery school would be located.

(5) Any school that provides the services of a recovery school may enter into a contract with the superintendent to become an approved recovery school, including schools already providing the services of a recovery school and schools that are proposing to provide the services of a recovery school.

(6) An approved recovery school may enter into agreements with other entities, including community-based organizations and federally recognized tribes of this state, for the purposes of providing educational and health care services to students enrolled in the approved recovery school.

(7)(a) The department shall be responsible for:

(A) Identifying, locating and evaluating students enrolled in an approved recovery school who may be in need of special education and related services; and

(B) Ensuring that eligible students receive special education and related services.

(b) For the purpose of this subsection, the department may enter into a contract with a school district or an education service district.

(8) The department shall establish eligibility criteria for students to enroll in an approved recovery school, based on input from the advisory committee convened under ORS 336.685 and based on research from a nonprofit organization composed of representatives of recovery schools and individuals who support the growth of recovery schools and other relevant organizations.

(9) For the purposes of administering this section:

(a) The State Board of Education shall adopt any necessary rules.

(b) The department shall collaborate with the Oregon Health Authority, the Youth Development Division, the Alcohol and Drug Policy Commission, the Oregon Youth Authority, the Department of Human Services and local public health and mental health authorities or providers and shall coordinate, to the greatest extent practicable, funding of services provided in relation to approved recovery schools.

(10) Each biennium, the Department of Education shall prepare a report on the progress, successes and challenges of approved recovery schools and submit that report to:

(a) The interim committees of the Legislative Assembly related to education; and

(b) The advisory committee convened under ORS 336.685.
