Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4148

Thank you Representative Ken Helm for introducing HB 4148, the Omnibus Wildlife Bill .

It is vital as a community that we do as much as we can to help protect wildlife, our environment, and people across Oregon by preventing human-wildlife conflicts, inspire wildlife stewardship, support wildlife rehabilitation efforts, reduce wildlife collisions, and respond to wildlife disease outbreaks.

HB 4148 would help with these concerns, and provide much needed outreach and education efforts to the community about living with wildlife, thereby preventing wildlife conflicts from happening and ultimately helping to keep wildlife and the public safe.

COEXISTENCE is absolutely key to the survival of animals, plants, and therefore humans in this shared land. It is the responsibility of you, as legislators, to help us figure out this puzzle, and provide laws to protect and nurture the land and all its inhabitants.

Please support HB 4148 , which is one step further in that goal.
