

Submitter: Philip Higgins

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB4134

Completely for this measure, and urge a vote accordingly. I'm working on a 66 unit workforce housing project (our ranges will be 91-110% AMI) and we are hamstrung currently by a 1100' away waterline to provide service to the property. Our site is located in a URA, so we may be able to get relief / help on the infrastructure in our city council is willing, but this "URA location" is a relative rarity, and we definitely need municipal assistance to make these workforce units a reality.
