Water

Measure: HB4148

I care deeply about protecting Oregon's wildlife. Thank you Representative Ken Helm for introducing HB 4148, the Omnibus Wildlife Bill.

HB 4148 will help protect wildlife, our environment, and people across Oregon by preventing human-wildlife conflicts, inspiring wildlife stewardship, supporting wildlife rehabilitation efforts, reducing wildlife collisions, and responding to wildlife disease outbreaks.

It will also provide much-needed outreach and education to local communities throughout Oregon about living with wildlife, thereby preventing wildlife conflicts from happening and ultimately keeping wildlife and the public safe.

Wildlife rehabilitation centers are an invaluable resource for our community and its wildlife. The much-needed grants provided by HB 4148 would boost their efforts to provide care for injured, sick and orphaned wildlife.

The new wildlife coexistence biologists included in this legislation would provide the public with an outlet when faced with a conflict with wildlife, allowing for the community to feel supported by their wildlife agency and for the opportunity for nonlethal strategies to be implemented, thereby saving the lives of many wild animals.

HB 4148 is an opportunity to reflect Oregon's values of caring for our wild neighbors and furthering the mission of ODFW to "protect and enhance Oregon's fish, wildlife and their habitats for the use and enjoyment by present and future generations."
