

Submitter: Kevin Kenaga

On Behalf Of: Willamette Riverkeeper

Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure: HB4148

Thanks to Rep. Helm for introducing HB 4148.

Oregon deserves to have all four parts of HB 4148 passed. HB 4148 will help protect wildlife, our environment and people across Oregon by reducing wildlife conflicts, helping stop the spread of invasive species, reducing wildlife collisions, and responding to wildlife disease outbreaks. This bill is a great investment in protecting Oregon wildlife. HB 4148 puts in place positive, proactive strategies that are needed as wildlife comes under the increasing pressure of conflict, with the continuing spread of invasive species, more frequent disease outbreaks and the implementation wildlife crossings in high hazard collision zones.
