

Submitter: Sheila Dooley

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB4124

Please support HB 4124. Investing in the arts/culture/heritage sector enables organizations such as Restore Oregon to continue to do their important preservation work around the state. In The Dalles, Restore Oregon was instrumental in getting the City of The Dalles to not demolish the historic Waldron Brothers Drugstore, built in 1859. Restoration of the building will begin this year, starting with ghost murals projected on the building at night.

Please support HB 4124 to help preserve Oregon's past for future generations.

Thank you.
