Measure: HB4124

I support HB 4124 and urge your support to pass this bill. Funding for Oregon arts and culture is vital with so many arts programs still climbing out of the pandemic-caused recession. Especially worth noting is the ability for this funding to help the National Park Service complete the restoration of the Oregon Caves Chateau, returning a crown jewel of the Parks back into service and giving the nation a full restored, and original, NPS lodge, once again letting Oregon be positive example to the rest of the country.
