

Submitter: Kathleen Moore

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB4124

I support House Bill 4124 to insure precious , irreplaceable historic building such as the Chateau at Oregon Caves. Oregonians have visited this spot as they have grown up and brought their children and grandchildren to see it. It is part of Oregon's history. If not restored, it will be lost forever.

Likewise, supporting our rich heritage of cultural programs, all negatively impacted by Covid 19, is so important. It takes years to develop these artistic and cultural resources and we can let Covid wipe them.

I heartily encourage you to address this emergency by voting YES on House Bill 4124.
