

Submitter: Timothy Bryant

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB4148

Thank you, Rep. Helm for introducing HB 4148. I support this bill because I believe in the inherent value of life and robust ecosystems. Continued investments in maintaining quality habitat, combating invasive species, and supporting science based management approaches are critical now and in the future. This bill is a step in the right direction for conservation and our duty as humans to strive for harmony with all creatures.
