

Submitter: D Torres

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1549

How about exempting state income tax up to \$17,500 received by ALL seniors 62 years of age and up AND exempting ALL active service men/women regardless of age? Anyone in active service should not have to pay state taxes period. It's about time we honor and assist seniors to make their lives easier, especially those barely making enough to pay for their medications. We should be exempting property taxes on their homes also or freezing the property tax amounts on their homes.
