

Submitter: Eric Hill

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1532

I oppose SB1532. Our current United Citizen's youth are failing in school. Our governor has extended that students don't need to prove mastery of reading, writing or math to graduate up until the year 2029. Why would we want to take on youth that are in our state illegally. Our kids come first. We need School Choice in Oregon. Our kids and grandkids deserve better
