

Submitter: HENRY SCHMID

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1503

this is just another gun grabbing piece of legislation that is aimed at disarming Americans so the democratic socialists can take control of the populous? typical of any dictatorship country in the world that hates freedom for its people and wants power and control over its people. you can't remove hate from society. it is inherent in human beings and the right to defend yourself has always been basic to america.
