

Submitter: Ashley Crook
On Behalf Of: Raphael House of Portland
Committee: House Committee On Judiciary
Measure: HB4156

Please support this bill to increase safety for survivors and accountability for perpetrators.

Increasingly, technology is being used to stalk victims in new and harmful ways.

Stalking behavior is an indicator of lethality (meaning a higher risk of the stalker taking the life of the person they stalk), and inflicts significant physical, economic, psychological injury on its victims.

Thank you!
