

Submitter: Dan Drayton
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB1503

SB 1503 is another payoff to the anti-gun left and another attempt to silence gun owners.

You can bet that this Task Force will only consist of Anti Gun people.

You want to cut down on gun violence? An armed society is a polite society.

Want to cut suicide? Make mental health access affordable. We need more Doctor's.

You can't stop subsidies by taking things away from people. Hell they'll just step in front of a bus or a train.

It's not rocket science! We do not need to waste more money on some BS Task Force!
