Measure: HB4148

Representative Helm,

Thank you for introducing HB 4148, the Omnibus Wildlife Bill, and for your long support of Oregon's fish, wildlife and natural resources.

Thanks to the work put into crafting this thoughtful and carefully constructed legislation, I strongly support passage of all four parts of this bill which will help protect wildlife, our environment and people across Oregon by reducing wildlife convicts, helping stop the spread of invasive species, reducing wildlife collisions, and responding to wildlife disease outbreaks.

These investments will pay long-term benefits to all Oregonians. I believe that only through enacting better policy, paired with volunteer conservation efforts, will we make the difference necessary to ensure a future that resembles the environment we enjoy today.

Thank you

Heather Kent
