This is a right of freedom being taken away from us to PAY BACK the anti-gun LOBBY, to silence us law biding citizens of Oregon. Laws on the books right now will solve YOU'R phobea , LOCK em up forever, instead you release them back into our neighborhoods to steal & harm our children. I have been to gun shows & watched several times in past where felons are attempting to buy guns & police called but NEVER show up to arrest them. How about 20 years with NO parole for offenders, that will decrease crime. I think lobbyists are using money to BUY your votes.

How about coming to Woodburn & arrest some of these illegals here with gang ties & guns brought over the border, not bought at gun shows.
