Home purchase IDA opened in 2023

"We were Holiday Farm Wildfire Survivors who had used all of our savings to create a temporary place to live.

We have hope of owning our own home.

We were living on the edge with no savings for emergencies, new tires, or anything else. Most of all, what you gave us was HOPE! which came with an opportunity to replace our savings, and not worry so much anymore- but more than that, gave us hope for being able to purchase a home once the Federal Wildfire money comes in."

Date: 1/31/2024
