

Submitter: Lenny Dee

On Behalf  
Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB4083

HB 4083 requires no funding.

The COAL Act will improve Oregon's fiscal performance, as witnessed by its coal investments' \$340 million underperformance in the past decade in publicly traded investments.

Not acting urgently will expose the portfolio to stranded assets and related losses in value.
