

Submitter: Benjamin Williams

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1537

Please amend this bill to remove the provision to expand UGBs by 75 or 100 acres. More than adequate land for development to meet the housing problem has been documented WITHIN EXISTING UGBs, and this provision is not only not needed, it's 10-year window will guarantee loss or lands outside existing UGBs and violates the intent of our land use system.
