Measure: SB1503

I have lived in Oregon all my life. I cannot believe this latest move of state government. . Where you want to take our constitutionally guaranteed rights and put it in the hands of unelected people to constrict once again the citizens of Oregon to have or own guns.

I thought all of the senators and representatives and our governor took an oath to uphold the constitution. But from what I see they haven't even read it. It's not the health authority who has t the power to take away any rights. Nor is it our legislature that has that right

ITS OUR CONSTITUTION. THOSE ARE OUR RIGHTS. NONE OF WHICH ARE  
NEGOTIABLE  
WE THE PEOPLE,!!
