Measure: SB1503

I oppose SB 1503 because it's already illegal to commit suicide and if someone wants to commit suicide they don't need a gun to do it with. I seen people personally use cars to commit suicide with I heard of people using everything else under the sun guns aren't the problem period. And secondly there's no such thing as gun violence. Guns don't kill people, criminals do. thats why there're criminals. If someone wants to harm someone or themselves they don't need a gun to do it with. If the state of Oregon and the DA,s would actually start holding people accountable for there actions there would be less crime. Thank you
