

Submitter: Brooke Best

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB4124

I fully support HB 4124 and urge your support and to pass this bill. It offers significant investment directed towards specific capital projects, including the Oregon Caves and Chateau and other historic preservation projects across the state. It also provides much-needed funding for the state's arts/culture/heritage organizations who've been hit hard by the pandemic. This is not a heavy lift to show your love by investing in Oregon's cultural heritage!
