

Submitter: Cindy Zog

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB1537

I am writing because I am very much in support of work to create affordable housing opportunities in Oregon. However, I oppose SB 1537 in its present form because it is critical that we preserve farm land and our current land use laws. We need to find ways that don't jeopardize our future by taking away vital farmland.
