Measure: HB4124

Dear Members of the House Committee on Economic Development & Small Business:

I strongly support HB 4124 and urge you to support and pass this bill. The culture/heritage sector includes a broad range of organizations, large and small, located throughout our state. They are not just “nice to have”. They are a vital part of our state’s economy and most of these organizations are still recovering from the impact of the COVID pandemic & an associated decline in revenue. Yet they are often able to play key roles in reviving our main streets, downtowns & other and key commercial areas as well as strengthening tourism throughout our state. With the opportunities for additional financial support this bill would provide, they could do so much more!

Thank you.
