

Submitter: Pamela Lowery

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1503

There is no need to put Tax dollars to a committee to justify attacking the 2nd amendment. There is real need for support in mental health and that is already known by the citizens of Oregon. Please focus on the real issues and stop wasting tax dollars. Spend the tax dollars on mental health clinics around the state. Someone contemplating suicide will find a way, if you don't focus on their mental health. I just lost my cousin to suicide. Please be the right choice for the people of this state.

Pamela Lowery
