

Submitter: Tracy Young

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1503

This is not gonna help to protect our citizens anymore than measure 110 did to prevent drugs. I oppose this and legislators obviously our state extra funds to handle another lawsuit. More taxpayer money wasted. To restrict our 2nd amendment rights. Not gonna work. Start using common sense instead of depending on educated idiots for coming up with ways for people to lose their rights and politicians to spend more money on unreal expectations.
