On Behalf Of: HB 4130

Committee: House Committee On Behavioral Health and Health Care

Measure: HB4130

HB 4130 will prevent the practice of medicine from being controlled by large corporations, often out-of-state. Requiring physicians, most likely in Oregon, to have a controlling interest in corporations set up to practice medicine assures healthcare is primary motivation. It prevents increased costs and reduced access to healthcare that comes with investors in large for-profit corporations.
