

J. TABOR

Citizen Petition for Passenger Rail in Baker County

Petition Summary and Background	I believe that passenger rail would be a huge benefit to Baker county and NE Oregon. The Amtrak Pioneer Route (which ran from Seattle to Salt Lake City via Baker City until 1997) would provide accessible, economic and sustainable long distance transportation options for Baker county residents to urban centers. The FRA is currently assessing national passenger rail options and the Pioneer Route is being considered.
Action petitioned for	We, the undersigned, are concerned citizens who urge Oregon's legislative bodies to act now to pursue policy agendas to assist in the reasonable restoration of the Amtrak Pioneer Route and passenger rail in general.
