

Submitter: Richard Teitsworth  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure: SB1583

I was raised an American who recited the Pledge of Allegiance to our country every morning in school, promising "liberty and justice for all." It's the American dream. School is the best opportunity we have as a civilization to meet and befriend people outside our family circle, all of whom are deserving of respect. This bill will help keep minds and hearts open. Thank you.
