

Submitter: Bob Freshman

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I oppose SB 1590 / repealing provisions related to towed water sports program. As an avid kayaker throughout the Willamette basin and its tributaries, and advocate for safe use of the river for all, allowing repeal of wake-control related regulations increases harms to all users of the Willamette River. Increasing wake will also materially change the character of the river and my recreational enjoyment and safety. No one has suffered a loss of enjoyment of the river with the existing regulations and many shall with their repeal.
