

Submitter: Melaniya Huff

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

"I OPPOSE SB1583. .

This Bill is to prevent local school boards from removing ideologically driven content that could harm our kids. This bill could block a school board, which operates on behalf of their local community, from having a say in this content.

Parents and local communities have the fundamental right to direct how their schools are run."
