

Submitter: Greg Fishwick

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

o This act is necessary to bring ORS 336.082, 337.120 and 337.260 into compliance with ORS 659.850, Oregon's prohibition on discrimination.

o Since Oregon already prohibits such discrimination in statute, it is the law of the land and this act simply reaffirms that no one person or board has the right to impose their discriminatory prejudices on any other person or persons in Oregon.

o Nothing in this act prohibits or prevents any parent, guardian, or other adult from exercising their individual rights to choose what to read and what not to read.
