

Submitter: Jonathan Hull

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

My family and I have used the Willamette for watersports for years. From my childhood on to adulthood we have spent most of our summers on the water. Since the passage of laws restricting access we take our boat, family and money to other places. This takes away from local economy and businesses and adds a burden to our family to have to travel much further away to do the things we enjoy. We would love to have access to our public waterways for towed sports so that we can support our local economy with the funds we spend and save time and energy with travel.
