Measure: SB1576

I am writing in support of SB 1576-3 with language that clearly restores recreational immunity for public and private landowners and clearly applies to both improved and unimproved trails. This is important to encourage land managers to keep trails, especially trails providing access to beaches and other recreational areas open to the public. Our family members are avid users of parks and trails and I am concerned that if this issue is not addressed it will affect our opportunities to enjoy traveling and accessing Oregon's outdoors.
