Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB4083

I am writing in support of HB 4083, the COAL Act. I am a public librarian, and am a PERS and AFSCME union member. I became a public servant because I care about my community. I think it's wrong for my retirement fund to be invested in coal, which is an industry harmful to people's health and to the climate. Coal also delivers poor financial returns, which makes its current inclusion in PERS investments even more depressing. It's time to remove coal from PERS investment portfolios. Please vote the COAL act out of committee. Thank you for your support of HB 4083.

Thank you,
