Measure: SB1542

Dear Lawmakers,

Please vote YES on SB-1542. We have become a increasingly higher taxed state that is less and less friendly to business production and creation. All CAT taxes are subject to trickle down economics and gets passed on down to the consumers operating as a hidden sales tax. CAT all along was a wolf in sheeps clothing which is plain for anyone with half a brain to see. Please fix this modern day greek trajedy of an idea which has done nothing ut take from the pockets of the consumers and raise the threshold for businesses that get swepted up in this bill. Ultimately though CAT needs to be done away with permantly so businesses can thrive and flourish and consumer costs can come down. Please vote YES on SB-1542. Thank you.

Sincerely,
