

Submitter: Gloria Detro  
On Behalf Of: SB3711  
Committee: Senate Committee On Finance and Revenue  
Measure: SB1520

Wildfire survivors simply cannot be made whole when taxed on any and all money received, particularly those who are retired and are trying to survive on SSA and/or SSI when the monies received are considered income and will jeopardize and could dramatically reduce their SSA or SSI. Please help us by supporting and passing both HR7024 and SB3711.

Thank you.
