

Submitter: Benjamin Roche  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HJR201

If I understand this correctly the idea is to create another new tax mechanism, but we are currently refunding 5.6 BILLION of surplus revenue because of dysfunctional budgeting and new taxes passed by prior leadership in Salem.

I oppose, and every Oregon voter should oppose until the Legislature can be fiscally responsible, pass a budget, and live by it like the rest of us tax payers do every month. The legislative body has billions in resources, and two years to plan, yet fails each biennium. Just say NO to any NEW taxes.

Live within your means, budget accordingly, and prioritize public safety over all else.
