Committee: House Committee On Rules
Measure: HJR201

I am a home owner in a rural area. Senior, fixed income. I feel by passing this amendment to our Oregon Constitution without the input of Oregonians is very wrong. We are the people you represent and this is not representing us in a fair manner. I pay my property tax on time every year and I feel our county is more in tune with our needs. This administrative authority may be totally out of touch with what our needs are in our county, and it lends itself to governmental abuse of power and the public's ability to afford their homes. I hope that is not the case and this amendment to our Oregon Constitution is denied.

Sincerely,
Valerie J Langford
